

Science

Rocks

Investigate different types of rocks, fossils and soils to uncover clues about Earth's past.

Forces and Magnets

Investigate pushes, pulls and magnetic forces to understand how objects move and interact.

Computing

Connecting Computers

Pupils learn how computers and devices connect together in networks to share information and resources.

PE

Fundamentals & Athletics

Gymnastics & Ball Skills

Art

Painting Circles

Children explore colour theory and abstract art through the vibrant circular compositions of Kandinsky and the Delaunays.

English

Autumn 1

Children will explore how writers build tension and explain information clearly. They will develop sentences using conjunctions, adverbs and prepositions and begin to organise ideas into paragraphs while writing a narrative and explanation text.

Autumn 2

Children will use characters and events to communicate a message and present factual information. They will broaden their vocabulary using prefixes and adverbs and develop direct speech while writing a fable and information report.

Maths

Autumn 1

Children develop addition and subtraction across 10 and begin to explore the composition, place value and relationships of numbers to 1,000.

Autumn 2

Children deepen their understanding of numbers to 1,000, developing secure knowledge of place value and relationships between hundreds, tens and ones.

RE

How do people express commitment to a religion?

Children investigate the different ways believers show commitment through worship, traditions and daily life.

What is the Trinity?

Children develop an understanding of the Christian belief in God as Father, Son and Holy Spirit.

Music

Let Your Spirit Fly

Children develop singing, playing and improvisation skills while performing music in a variety of styles.

Music Man Project – Percussion 2

Children extend their percussion skills by performing increasingly accurate rhythm patterns as part of an ensemble.

RSHE

Identity & Wellbeing

Pupils develop self-awareness by exploring emotions, identity, personal strengths and the importance of physical and mental wellbeing.

Careers & Skills

Pupils begin to explore the world of work, learning how skills, interests and aspirations can influence future opportunities.

MFL

Getting to Know You

Pupils learn to greet others, introduce themselves, share simple personal information and count to ten in French.

History

Stone Age to Iron Age

Children trace the development of Britain from the Stone Age to the Iron Age, exploring how people lived and adapted over time.

Geography

No geography unit this term.

YEAR 3 AUTUMN
