

## Science

### **Animals Including Humans**

Discover how the digestive system works and how food chains connect living things.

### **States of Matter**

Explore solids, liquids and gases and investigate how materials change state.

## English

### **Autumn 1**

Children will create vivid settings and explore how events can be reported clearly and engagingly. They will use expanded noun phrases and fronted adverbials and develop accurate speech punctuation while writing a narrative and newspaper report.

### **Autumn 2**

Children will explore characters who feel different or excluded and write from a personal viewpoint. They will develop Standard English and fronted adverbials and use apostrophes for possession while writing a narrative and diary.

## Maths

### **Autumn 1**

Children review and strengthen column addition and subtraction before developing their understanding of place value and numbers to 10,000.

### **Autumn 2**

Children explore perimeter and develop multiplicative fluency and understanding through the 3, 6 and 9 times tables.

## RE

### **Where do religious beliefs come from?**

Children investigate how sacred texts, teachings and traditions shape religious beliefs.

### **What do we mean by truth? Is seeing believing?**

Children explore different ideas about truth, evidence and belief through religious and philosophical enquiry.

## Computing

### **The Internet**

Pupils explore how the internet works, how information is shared online and how to evaluate the reliability of digital content.

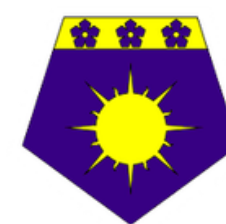

## PE

### **Fundamentals & Athletics**

### **Gymnastics & Ball Skills**

# YEAR 4 AUTUMN

## Music

### **Livin' on a Prayer**

Children develop ensemble performance skills while improving their understanding of notation, rhythm and musical expression.

### **Christmas Chimes**

Children perform festive music using handchimes, developing timing, teamwork and confidence.

## RSHE

### **Spending Wisely**

Pupils develop financial awareness by learning about budgeting, value for money, advertising and responsible spending choices.

### **Healthy Living**

Pupils deepen their understanding of health, including illness, medicines, vaccines and maintaining healthy lifestyles.

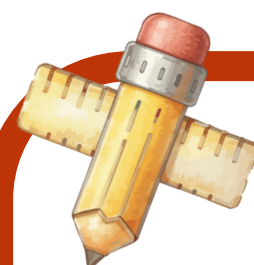

## Art

### **Sunflowers**

Children develop observational painting skills while exploring colour mixing and the work of Vincent van Gogh and Faith Ringgold.

## DT

### **Textiles (Wallet)**

Design and sew a functional wallet, developing accuracy in pattern making, stitching and decorative techniques.

## MFL

### **Going Shopping**

Pupils use practical language to take part in simple shopping conversations and role-play real-life scenarios in French.

## History

### **Invaders & Settlers**

Children examine how the Anglo-Saxons and Vikings shaped Britain through invasion, settlement and cultural change.

## Geography

No geography unit this term.
