

Science

Animals Including Humans

Investigate the circulatory system and discover how lifestyle choices affect human health.

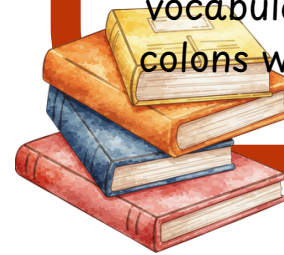

English

Autumn 1

Children will explore experiences and viewpoints through personal writing and learn how to communicate effectively to an audience. They will explore formal and informal language and the passive voice and use semi-colons while writing a diary and speech

Autumn 2

Children will experiment with moving between past and present and report events for a wider audience. They will make purposeful formal vocabulary choices and use hyphens and semi-colons while writing a narrative and newspaper report.

Maths

Autumn 1

Children deepen their understanding of calculation by exploring mathematical structures and using these relationships to calculate accurately and efficiently.

Autumn 2

Children develop their understanding of multiples of 1,000 and numbers up to 10,000,000 before exploring mathematical relationships within shape.

RE

How and why does religion bring peace and conflict?

Children investigate how religion can inspire both peace-making and disagreement in different contexts.

How do Buddhists explain suffering in the world?

Children explore Buddhist teachings about suffering and how Buddhists seek to overcome it.

Computing

Communication and Collaboration

Pupils explore how information is shared across networks and use online tools to communicate and collaborate responsibly.

PE

Fitness & Athletics

OAA & Rugby

YEAR 6 AUTUMN

Music

Happy

Children refine their performance, composition and appraisal skills while performing as part of an ensemble.

Edith's Wartime Scrapbook

Children explore the role of music during World War II through singing, listening and historical understanding.

RSHE

Drugs & Alcohol

Pupils learn about legal and illegal substances, the risks associated with drug misuse and how informed choices can protect their health.

Digital Resilience

Pupils develop the skills needed to stay safe online, including recognising scams, managing online interactions and protecting personal information.

Art

Exploring Identity

Children use portraiture to explore identity, creating thoughtful self-portraits inspired by contemporary artists.

DT

No DT unit this term.

MFL

Let's Visit a French Town

Pupils explore life in French towns and cities while developing their understanding of grammar, spelling patterns and place vocabulary.

History

World War Two

Children investigate the causes, key events and impact of the Second World War, including how it affected people in Britain and across the world.

Geography

No geography unit this term.
